

LedgerPay - Customer Order Form

Sample contract for the ASC 606 Revenue Recognition Engine. Keep the field labels exactly as shown.

Contract ID: C-200

Customer: Sample Customer Inc

Start Date: 2026-09-01

End Date: 2027-08-31

Total Price: \$60,000.00

Deliverables

- 1. Type: subscription | Description: 12-month platform subscription | Standalone Price: \$48,000.00 | Delivery: over_time
- 2. Type: implementation | Description: Onboarding and data setup | Standalone Price: \$12,000.00 | Delivery: one_time

Delivery must be one_time (point-in-time recognition) or over_time (spread monthly across the term). Dates must be YYYY-MM-DD. Add or remove numbered deliverable lines as needed - the total price is allocated across them in proportion to their standalone prices. Prices may be written \$12,000, \$12,000.00, or 12000; negative prices are rejected.

OPTIONAL - mid-term modification. To add one, include a line exactly like: Modification: Mod Date: 2026-05-01 | Mod Description: Added a module | Added Price: \$24,000.00 | Added Type: subscription_addon | Added Description: Fraud analytics for remaining term | Added Standalone Price: \$24,000.00 | Added Delivery: over_time . If a Modification line is present but any field is missing, the upload is flagged for review rather than silently ignored.
